

DESCRIPTION

RAIN X DE ICER + RAIN REPELLENT 2 IN 1 instantly removes ice and light snow from the vehicle windshield and body glass, whilst at the same time adding the Rain-X® water repellent coating improving all-round visibility. This special coating forms a protective barrier against snow and ice, making future windshield clearings fast and easy.

FEATURES

- Removes ice and light snow from the vehicle windshield and body glass easily.
- Creates a protective barrier against snow and ice, providing an easier cleaning & removal in subsequent events.
- It improves visibility and cleanness without any presence of residues. Removes all kind of windscreen soils.
- The hydrophobic technology provides a unique water repellent effect, ensuring optimal visibility in all types of adverse conditions.
- Pleasant fragrance.
- Free of methanol.

INSTRUCTIONS FOR USE

Start the engine and turn the defroster on.

Spray the De-Icer on the windshield from top to bottom and wait about 30 seconds.

Depending on the thickness of the ice film, re-apply or manually remove the remnant gently as needed.

Use the wipers to clear the windshield.

For a better Water Beading technology (Rain-X® Treatment), spray the product again on the windshield and wipe with a dry cloth.

RX DE ICER + RAIN REPELLENT 2 IN 1

TECHNICAL CHARACTERISTICS

Property	Unit	Method	Value
Colour	-	Visual	colourless
Appearance	-	Visual	Transparent liquid
pH		ASTM E70	6 - 8.5
Freezing point	°C	ASTM D1177	-38 ± 1

NOTA: These data represent mean values measured after different tests. Given the wide variety of operating conditions, these data are not the basis for determination of specifications.
