

RAIN X CERAMIC EXTERIOR DETAILER

DESCRIPTION

Rain X Pro Ceramic Range

Rain-X® Cerami-X™ Detailer is an outstanding product that seals, protects & makes exterior painted surfaces shine. It trims, and chrome with a super-slick, streak-free invisible barrier that repels water and protects against dirt, insects, and other types of contamination.

The ceramic exterior detailer keeps your car looking brand new.

PROPERTIES

- Premium quality Ceramic HydroShield Polymer Blend formula with Si-O Technology. UV protection. User-friendly.
- Non-abrasive formula containing wax that **gives Extra Glossy Shine and color intensity**. A great booster and refresher to professional ceramic coatings.
- **Gives Extra durability: Protection for up to 4* months** against routine washes and the weather.
- **Gives Extra Soft** and slick surfaces like in new cars.
- Easy to use and fast results

INSTRUCTIONS

Step 1: Generously spray the product in one section at the time

Step 2: Rub the product evenly over the surface in a circular motion using a dry, clean microfiber towel

Step 3: With a different, clean, dry microfiber towel dry the surface

Step 4: Repeat the process until the vehicle is complete and all the sections are uniform

RAIN X CERAMIC EXTERIOR DETAILER
